

Midmark Ritter 630

Universal Power Procedures Table

"Make your practice efficient with programmability with the flexibility you need."

With a low height of 19 inches and an exclusive Premium Comfort System(tm), the Midmark 630 provides easy access for patients who are pregnant, elderly, or have disabilities. This drives efficiency into your practice by enabling patients to access the table themselves, helping you and your staff position the patient quickly and efficiently. With countless standard features and over 30 accessories, Midmark universal power procedures tables satisfy your needs unlike any other table. Anywhere.

To help keep you and your staff fresh and alert all day, the Midmark 630 does the heavy work. Full eight-way power, an essential low height, unprecedented patient comfort and a multitude of efficiency features significantly improve your practice, making the Midmark 630 the table of choice. Today's patient expects to have a comfortable experience while undergoing one of life's more uncomfortable experiences, visiting the physician for a minor procedure.

Efficient Foot Control with QuickChair™

With an intuitive hand control and revolutionary foot control, the Midmark 630 operates easy and efficiently. The foot control comes with an industry first, QuickChair(tm) feature, which allows the table to return to a low entry position for the easiest, quickest dismounting available.

Soft Headrest

New multi-density headrest with a soft touch and relaxing contours.

Automatically Extendible Foot Section

Midmark's exclusive extendible foot section effortlessly places the patient in the most comfortable position automatically!

Premium Comfort System™

Unique elastomeric material stretched over a seat cut-out designed to enhance patient comfort... a "chair-like" feel in a procedures table.
